

MBBS College Options 2026

Government and selected private MBBS options for Uttarakhand, Himachal Pradesh, Uttar Pradesh, and Chhattisgarh

Candidate profile used

General category | Rajasthan domicile (Jodhpur) | NEET UG AIR approximately 8,41,000 | Revised target budget: Rs. 50-90 lakh for the full MBBS course, not per year. This is a shortlist for counselling research, not an admission guarantee.

Bottom line

- Government MBBS options in all four states are far below the revised private budget, but the General AIR approximately 8.41 lakh profile remains Very Unlikely for these government seats.
- Selected private options in Himachal Pradesh, Uttar Pradesh, and Chhattisgarh can fit roughly Rs. 50-90 lakh total, depending on hostel, recurring charges, security, and fee revisions.
- Uttarakhand private MBBS options checked are mostly above the Rs. 90 lakh cap; they are shown separately as over-budget alternatives.
- For a Rajasthan candidate, state-quota eligibility is not the same as domicile; most target-state government seats should be treated as All India Quota options unless the 2026 rules say otherwise.
- Private admission is still through NEET-based counselling; a high-fee seat is not a licence for direct admission or an agent payment.

How to use this report

Use the college names and official phone numbers to verify the 2026-27 prospectus, fee breakup, hostel availability, service bond, domicile rules, and choice-filling schedule. Do not pay an agent for a government MBBS seat or accept a direct-admission promise.

Himachal Pradesh

Official 2025-26 AMRU prospectus lists six government MBBS colleges. Government college charges are Rs. 60,000 in Year 1 and Rs. 50,000 in Years 2-5; hostel is listed separately.

Selected private MBBS options

How the revised budget is read

The Rs. 50-90 lakh range is treated as the approximate full course budget for the 4.5 academic years. Where the official fee notice publishes tuition, hostel, mess, transport, miscellaneous, or refundable security separately, the table combines the listed recurring items and flags the estimate. Internship living costs and future fee changes are not guaranteed.

Admission label for private rows

POSSIBLE* means the rank may be usable in some private state-counselling rounds, but it is not a guarantee. Final availability depends on NEET qualification, state eligibility, seat type, round, and the 2026 counselling rules. BORDERLINE* means the fee may cross the cap.

Uttarakhand private MBBS

Strict fit check: the private colleges checked in Uttarakhand are mostly above Rs. 90 lakh once tuition and recurring charges are counted. They are shown as nearby alternatives, not as budget-safe choices.

Uttarakhand government options

Original annual-fee screen, now superseded

Under the revised Rs. 50-90 lakh total-course budget, Uttarakhand government MBBS is financially easy. These colleges were left out of the earlier Rs. 50k-90k annual-fee screen because the official GMC Haldwani 2025 SOP lists Rs. 1,45,000 tuition plus other admission charges, and GMC Haridwar's official page also lists Rs. 1,45,000 annual tuition. Admission remains Very Unlikely for General AIR approximately 8.41 lakh.

Fee note

Amounts are approximate and not directly comparable across states: some notices publish tuition only, while others show college charges, admission charges, or first-year totals. Hostel, mess, examination, refundable security, bond, and other charges may be separate. Always use the final 2026-27 official notice for payment.
